

Dia-PRODY

Dietetic complementary feed for Stabilization of Water and electrolyte balance in calves

Contains Beta-glucan and Manan oligosaccharides, B group vitamins, Amino acids, and Minerals.

About Dia-PRODY

GENERAL INFORMATION

Dia-PRODY is an anti-diarrheal oral supplement for calves used to help dehydrated young calves under stress due to dietary changes or environmental changes.

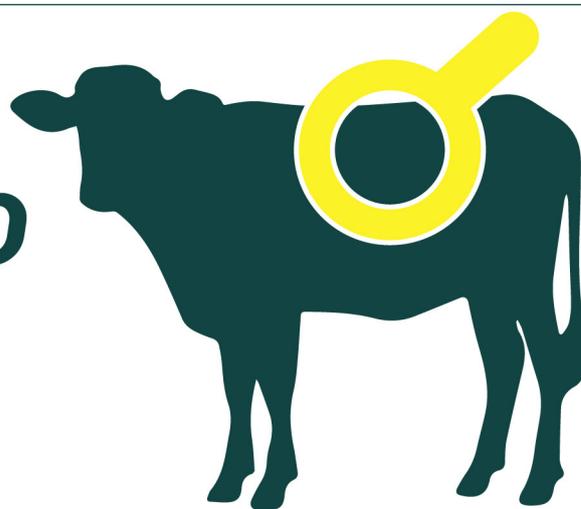

A unique formula containing patented hydrophobic citrus fibre which helps by removing the pathogenic bacteria from the intestinal system.

Supports fast absorption of electrolytes and water, and can be fed with milk, milk replacer or water.

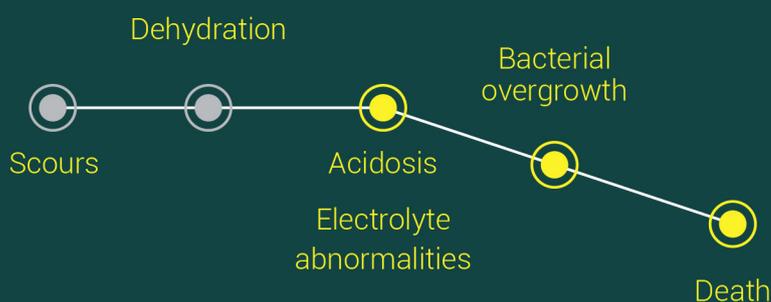

Scours Is the Primary Cause of Illness and Death in Young Calves:

About calf scours

THE IMPORTANCE OF **DETECTING AND TREATING** SCOURS

Scours Is the Primary Cause of Illness and Death in Young Calves

Scours has many different causes, and frequently involves a combination of:

- Nutritional inconsistencies
- Viruses
- Bacteria
- Parasites

Dehydration caused by scours leads to acidosis, which can result in organ failure and eventually death.

Scouring calves need nutritional support – keep them on milk!

Main Compositions:

- Mannan oligosaccharide
- Beta-glucan
- Vitamin B Complex
- Methionine

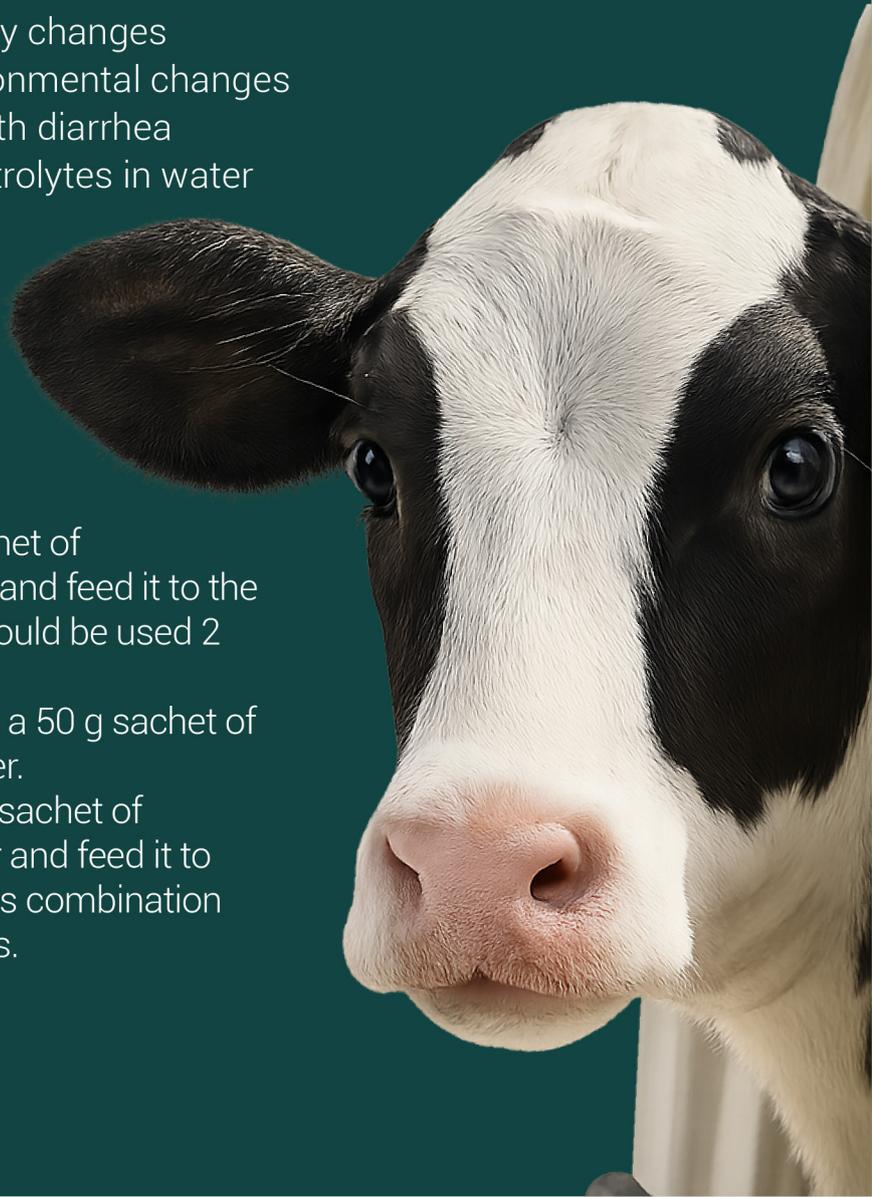

Indications:

Dia-PRODY should be fed to calves in the following cases:

- Stabilization of water and electrolyte balance in calves
- During indigestion or improvement of diarrhea
- During stress caused by dietary changes
- During stress caused by environmental changes
- Oral fluid therapy for calves with diarrhea
- Helps rapid absorption of electrolytes in water

Amount and method of consumption:

- For 50 kg calves: Mix a 25 g sachet of Dia-PRODY in 1 liters of milk or water and feed it to the calf immediately. This combination should be used 2 times a day for 2 days.
- For calves larger than 50 kg: Mix a 50 g sachet of Dia-PRODY in 1.5 liters of milk or water.
- For Lambs and goats: Mix a 5 g sachet of Dia-PRODY in 250 CC of milk or water and feed it to the Lambs and goats immediately. This combination should be used 2times a day for 2 days.

Dia-PRODY

PACKAGING:

100 g Sachets

SHELF LIFE:

24 months from date of manufacture.

STORAGE:

Store in a cool and dry place.

Manufactured by:

Kavoshgar Sepehr Javan, IRI
